VOLUME VII—NUMBER 167

PADUCAH, KY., FRIDAY EVENING, JULY 5 1901

10 CENTS PER WEEK

MANY MISHAPS

Nineteen Killed and Seventeen Hundred Injured Yesterday.

SEVERAL TRAGEDIES OCCUR

St. Louis and Baltimore Are Hot Towns Today, But Other Places Have Been Somewhat Relieved.

AMERICANS LOSE A CUP RACE

INDEPENDENCE DAY CASUALTIES

Chicago, July 5.—Reports from all over the country show that yesterday there were nineteen killed and seven hundred injured in the Fourth of July celebrations all over the country. All casualties were accidents, mostly from fireworks.

MANY KILLINGS

Louisville, July 5.—There were quite a number of killings in this section of the country yesterday. Near Richmond there were three tragedies. George Barrett was killed at Paducah by Doc Kindred, and two men were fatally wounded in different towns.

At Paducah, near Hopkinsville, James Harris, colored, while whipping his wife, resented the interference of Ed Jackson and was killed by Jack son.

In Coffee county, Tenn., two men were killed and another cut to death at a bean dance.

Near Sparks, Tenn., Jim Jenkins was shot and instantly killed by Oscar Brown.

John L. Moore was shot and perhaps fatally injured by his nephew, Aubrey Moore, at Bonair, Tenn.

John Mitchell was fatally stabbed at Knoxville, by four brothers named Sanders, over a girl.

Near Murphysboro, Tenn., Robert Lytle, colored, was shot and killed by Wyatt Rowlett, against whom he had a grudge and upon whom he was advancing with a knife when killed.

THE HOTTEST CITIES TODAY

Washington, July 5.—St. Louis and Baltimore are the hottest cities in the country today, and there are many hot victims at other points. Most of the eastern cities have been relieved by yesterday's thunder storms.

AMERICAN CREW LOST

Henley, July 5.—The American crew Pennsylvania lost the final heat in the challenge cup race to Leander, British, on a close finish. It was a most exciting boat race, and the little city on the Thames was alive with people.

STREET CAR ACCIDENTS.

LITTLE GIRL HURT—DR. COLEMAN'S HUSBY STRUCK TODAY.

Last evening the eight year old daughter of Mr. Joe Waggoner, of 820 South Fifth Street, got off car No. 34 in charge of Motorman Barnhill, before it had slowed up sufficiently, and was thrown violently down, but fortunately escaped with nothing worse than a dislocation of the shoulder and some painful bruises.

This morning Dr. J. R. Coleman's buggy was struck by a Broadway car in charge of motorman Lawless, and slightly damaged, and the horse was hurt. Dr. Coleman escaped.

MARRIED TODAY.

MARSHALL COUNTY COUPLE MARRIED THIS MORNING BY REV. PERRYMAN

Mr. R. L. Fowar, a farmer of Elva, Marshall county, age 23, and Miss Caroline Eiter, of that county also, aged 23, were married this morning at 10 o'clock in the study room of the First Baptist church by Rev. Perryman. Both are well known people in their section and have the best wishes of their many friends. It is the second marriage of the bride and the first of the groom. The couple left for their home immediately after the ceremony.

AFTER TEN YEARS.

MR. J. M. FINLEY IS ABLE TO WALK WITHOUT A CRUTCH.

Mr. J. M. Finley, one of McCracken's best known and most popular men, was in the city today, and is walking without a crutch for the first time in ten years. Mr. Finley was a cripple for ten years from kidney trouble and went to Hot Springs recently and remained about a month. He is now cured, his many friends will be pleased to hear, and gets about as well as any one.

TARIFF KINKS

Negotiations Are Being Carried On In a Friendly Manner.

TOWER MEETS DEWITT

A Speedy Settlement With Russia Is Confidently Expected at Present.

TAFT IN CONTROL AT MANILA

THE RUSSIAN TARIFF

St. Petersburg, July 5.—When Secretary Gage's action in imposing countervailing duties on Russian sugar exported to the United States was followed by no disproportionate reprisal as the imposition of 30 per cent. increased duties on the most important American importations here, the importers of American tools and machinery seemed stunned. They were disposed to support Russia on the legal aspects, but some of them re-examined the matter and concluded that the Russian sugar regulations amount to practical compulsion to manufacture for export.

It is known here that the United States ambassador, Charles D. Taft, who hastened back to St. Petersburg from his leave of absence, has been during the last few days in personal communication with the minister of foreign affairs, Count Lamsdorff, and Mr. DeWitt upon the subject of the present tariff disagreement, and it can be said upon the best authority that the negotiations are being carried on in the most friendly manner and that the Russian authorities hope for and expect a speedy and amicable adjustment of the question in dispute.

FINANCE RETURN.

New York, July 5.—Pierre Lorillard, who was a passenger on board the steamer Deutschland, arriving here from Hamburg, Southampton and Cherbourg, was very ill with nephritis throughout the passage. His friends fear that he may not recover.

Others of the Deutschland's passengers were J. Pierpont Morgan, W. G. Whitney, Jr., W. K. Vanderbilt, Jr., and Mrs. Vanderbilt of New York, and P. A. B. Widener, W. L. Elkins and Clement Grissom of Philadelphia. Cheikh Bey, Turkish minister to Washington; Raphael Josephy, the musician and Dr. James H. Workmann, United States consul at Munich, Bavaria.

TAFT IN CHARGE.

Manila, July 5.—Civil government in the Philippines has been auspiciously inaugurated. Commissioner Taft was escorted by General McArthur and Gen. Chaffee from the place to a great temporary tribunal just outside the plaza palace. Standing on a projection from the center of the tribune, W. H. Taft, the new civil governor of the Philippines took the oath of office, administered by Chief Justice Arancillo. Taft was then introduced by Gen. MacArthur, the guns of Fort Santiago being fired by way of a salute. A feature of the inaugural address of Gov. Taft was the announcement that on September 1, 1901, the commission would be increased by the appointment of three native members. Dr. Wardo Delavara, Dentio Legaria and Jose Lizarzia.

FATALLY SHOT.

AN ILLINOIS CENTRAL BRAKE-MAN SHOT AT MEMPHIS.

John Dandridge, a brakeman on the Illinois Central who runs between Paducah and Memphis, and who is well known here, was shot and perhaps fatally wounded yesterday.

He claims that when his train, 168, stopped near the jail there, he was walking along the track when he met a white man and a negro who asked him what he was doing, and he replied that he was braking and had a right to be there. The negro drew a pistol and when Dandridge turned to run shot him in the back near the spine, the ball going entirely through him. Dandridge knows no cause for the assault. He may recover, but it is doubtful.

E. DELEGATES LEAVE.

Miss Iona Desha, Miss Cora Hailey, Mrs. Ollie Ogilvie and son Henry, left for Cincinnati today at noon to attend the convention of the Christian Endeavor which meets at that place next week. The latter two persons will stay over on a two week's visit to the family of Mrs. Mattie Aske. Miss Hailey will after the convention is over go to Lexington to visit.

WANTED—Five colored boys at once at 424 Broadway.

THE FOURTH

How and Where It Was Celebrated Yesterday In This Section.

RED MEN ENTERTAIN

There Was a Large Crowd at the Fair Grounds and Park Yesterday—Several Accidents.

NONE WERE OF SERIOUS NATURE

The Red Men's celebration at the fair grounds yesterday was attended by fairly large crowds both afternoon and night.

The parade in the afternoon was very creditable, and was witnessed by a large crowd. There were many strangers in the city, and they all seemed to appreciate the enterprise of the Red Men in giving the only celebration of consequence in this end of the state.

The entertainment was given as per program, and considering the shortness of the time in which the participants had to prepare and practice, and the hot weather and other disadvantages, they gave a creditable show, which was duly appreciated.

In the evening the crowd was not as large as expected, owing to the threatened rain. The pow-wow will probably not be a financial success, but the Red Men will next year undertake a celebration on a larger scale, and have more time in which to get it up.

Many people took advantage of the reduced rates on all the railroads yesterday and left the city to spend the Fourth with friends. There were well attended celebrations of the Fourth at Evansville, Cairo and Fulton, and quite a number of Paducah people went to one of these places for the day.

There was quite a crowd at La Belle park yesterday to spend the Fourth. There was dancing and refreshments and in the afternoon a matinee at the theater. In the evening there was another dance and the crowd seemed to enjoy the day very much.

Boy Ballowe, a small boy living at Fifth and Ohio streets, was injured last night while celebrating the Fourth in the style usually adopted by the average young America. He was shooting a toy cannon when it went off unexpectedly and badly burned his left hand. Dr. Troutman dressed the injury and this morning the little fellow is in a fair condition although he is not able to use the injured member. The hand was not close enough to the cannon to mangle it, but the boy had a narrow escape from losing the member.

Mr. George Meade, the well known jeweler, while participating in the Red Men celebrations at the fair grounds yesterday afternoon ran a snag through his left foot. Dr. Robertson examined the injury and found it not of a serious nature. The foot was dressed and this morning Mr. Meade is resting easy.

Mr. Hugh Thomas, the well known employee of the Wallerstein clothing house, met with the most serious accident of the day. He was riding in the Indian and cowboy attack when another horseman, whose horse had become unmanageable, ran into the horse ridden by Mr. Thomas who was thrown off and his left hip badly sprained. The same leg injured last night had been broken several times and at first it was thought to have been broken again. Dr. Alvey was called from the grand stand and dressed the leg. Today the patient is much improved but will not be able to be out for some time.

Mr. Ermin Tate, one of the cowboys in the show, was kicked off his steed and slightly injured.

Mr. Carroll Givens, the delivery man for Boswell's grocery, was injured about the face yesterday morning while in the discharge of his duties. Some one threw a cannon cracker under his horse and caused the animal to run aside. Mr. Givens was thrown from the wagon and striking on his face, was badly skinned up.

Miss Otis Simpson, of West Broadway, was burned at the fireworks exhibition at LaBelle park last night. Her injuries are thought to be light.

Mrs. Ellis Bour and sister, Miss Mortimer, of West City street, were injured in an accident last night while coming in from the fair grounds. The king-pin of the hack broke and the front wheels of the vehicle came out from under the front of the hack, pulling the occupants to the front and injuring Mrs. Bour's hip and loosening Miss Mortimer's front teeth. The injuries, while very painful are not considered serious.

The public has shown its confidence in our sincerity and the truthfulness of our published statements by the most generous buying the past week. Business was rushing, was great, grand, wonderful this past week, and everybody was pleased and satisfied. And why? Because we do as we advertise and have what we advertise. No first marking up and then down business here, but straight, true reductions.

DON'T MISS THE HARVEST SALE REMEMBER YOU DO THE REAPING

See Window Display. It contains Shocks of Wheat and Shockingly Low Prices, but nothing else to shock you.

409.411 BROADWAY.

BIG SENSATION. HARD BLOW.

LOUISVILLE MAN ALLEGED TO HAVE EMBEZZLED \$30,000. SEVERAL HOUSES UNROOFED IN THE COUNTY YESTERDAY.

Oville Lawson is Missing and Cannot Be Located at Present. Trees Blown Down and Blacksmith Shop at Maxon's Unroofed.

Louisville, July 5.—Barford & Lawson, wholesale milliners, Main street, made an assignment last Wednesday. Today Mr. Barford stated that his partner, Oville Lawson, was missing and had embezzled funds of the firm amounting to nearly thirty thousand dollars. Lawson is the son of a well known Louisville Methodist preacher, and is widely prominent. He is said to have been heard from in Mexico last week. The affair has created a great sensation here.

There was quite a strong blow in the Lovelaceville section yesterday according to the reports of several farmers from that section. Several barns were unroofed and many trees blown down. The Maxon Mill section also was visited with a hard blow. The blacksmith shop of Foster Dearden at the junction near Maxon's Mills was blown down.

Relief is promised from the insufferable heat. Yesterday was another scorcher and the temperature was 101 at its maximum and 75 at its lowest. Rain was threatened for awhile, but only a few showers resulted last night. The rain of today was hailed with gladness by a populace that was nearly scorched out and the promised relief cannot come too quick. The maximum today was 87.

NO COMMISSIONER. SOMETHING UNUSUAL FOR THIS SECTION OF THE STATE.

There is now no United States Commissioner for this part of the state, something quite unusual. When Judge Evans announced his list of appointments for the Western District of Kentucky several days ago, there was none for Paducah. It is not known why this is so, but at present there is no commissioner here, the term of Commissioner Puryear having expired a few days ago. Commissioner Puryear has held the office for many years, and there is no applicant for it, so far as is known. Capt. Puryear himself did not apply for reappointment.

FISCAL COURT. THE FIRST BUSINESS THAT WILL BE TRANSACTED AT THE CONVENING OF FISCAL COURT WILL BE THE ELECTION OF A COMMISSIONER.

Judge Tully was the last commissioner and with his death the office then became vacant. The county road question will also be brought up.

DEEDS. MARY ANN CRAIG DEEDS TO THADDEUS W. WILLIAMS FOR \$100, PROPERTY IN THE COUNTY.

John D. Johnson deeds to Mary Oehlenschlaeger for \$1, and other considerations property in the county.

Winstead's Limestone Phosphate cures that tired feeling. At all drug stores.

FRIDAY, JULY 5, 1901.

A DAILY THOUGHT.

"Nothing else is so contagious as enthusiasm."

Fulton having been unable to take in the Paducah shops, he decided that she will be satisfied with the Jackson, Tenn., shops. Well, here's hoping she will not be disappointed again.

The gutters should be kept clean. Judge Sanders struck the keynote in his decision Wednesday. The people should take a little interest in the health of their neighbor and of the people at large.

Korea has notified Japan that the latter must close its Korean post offices. So far Japan has paid no attention to the demand, which has served to greatly increase the tension between the two countries.

Mr. Bryan seems to have noticed some of the hot air that has been in abundance for the past several days. He is out in another interview saying that he would rather die fighting for right than win by fighting for something else.

San Jose was after the Elks a short time ago, and now Mrs. Nation has emerged from temporary obscurity long enough to announce that "she will save them if she can." If San Jose and Mrs. Nation get to heaven, they will probably not be room for any one else.

Paducah creditably entertained the Louisville board of trade, and has been greatly benefited by it. The Louisville papers all spoke in the highest terms of the reception accorded the visitors, and were most generous in their exploitation of the many advantages offered by Paducah. The visit did much good, and will do much to bring about closer business relations between the two cities, and in fact between all cities of the state.

The people in New York do not know what hot is. The official temperature on Tuesday, said to have been the hottest day in its history, was only 89. Ambulance service was suspended on account of the condition of horses, and the public parks were thrown open for the relief of sufferers. It is claimed that the people east have to wear heavier clothing than those south on account of the cool nights, and his renders them more susceptible to heat than people in this part of the country would not seriously mind. It goes to 102 and 103 here sometimes and business keeps on just the same.

A queer town is Shinnery, Shelby county, Ill. It is so small that the only one who can thrive, and for this proprietor pays \$700 a year because nearly all of this goes for sidewalks, and although it is a town of only 25 people, there are already over two miles of sidewalks. The mayor and aldermen receive no salary. The town has no police except the aldermen, each of whom is a policeman and the sole keeper also has police powers. The city clerk receives \$10 a year, and he is the only officer who draws a salary. When there is any disturbance the whole town turns out to assist in the arrest. When the time comes the money goes to build more sidewalks.

Had news for Mr. Bryan and his followers. The populists have decided to go it alone next time. Senator Butler, chairman of the National Populist committee, said in an interview:

"The main issue will be public ownership—not of everything, under stand, but of the natural monopolies. We are not Socialists. The Populist believes in competition. Let the public own the natural monopolies, and then let the rest let it be every man for himself and the devil take the hindmost. All we ask is that there be equality of opportunity.

"The silver question is dead, for the time being, at least, and for one I favor the use of that word silver. All the true Populist contends for is money enough to transact business and maintain the equilibrium of prices. I believe that coinage and the supply of money should be regulated by law."

Mr. John Tipton, Colton, O., says: "FOLEY'S HONEY AND TAR CURE my little girl of a severe cough and inflamed tonsils." J. C. Gilbert.

TO SUE.

MRS. OAKES TO INSTITUTE PROCEEDINGS AT METROPOLIS.

LIS, ILL.

Mrs. W. E. Oakes, widow of the late Marshal "Dumpy" Oakes, who died at Metropolis from wounds inflicted by Dr. A. H. Covington, who was killed in the fight, has employed Attorney S. Bartlett Kerr to bring suit for damages against the boardman of the late saloon keeper for killing her husband.

An interesting question will be raised by the suit. A few days before his death Dr. Covington offered his bond, which the court failed to approve, permitting him to keep open his saloon only on condition that he give a better bond. The result was a saloon was being run without a bond at the time of the tragedy.

AN ECHO.

THE HERO OF THE CITY OF PADUCAH MUST DO TIME.

As an echo of the City of Paducah disaster near Grand Tower, Ill., on May 12 comes the conviction of John Wilson, at Springfield, Ill., of looting the saloon after it was wrecked. Wilson saved several lives but was found in St. Louis with a satchel full of jewelry, etc., which no claimant has found on the bank.

Jerry Woods, Lewis Reer, Arthur Hickey, Daniel Gohr and William Crane are also under indictment on the same charge and their separate trials will follow.

Sentence has not yet been passed on the prisoner.

MISSING WIFE.

DR. MOFFIT ASKS ST. LOUIS POLICE TO AID HIM.

Dr. A. J. Moffit, who has an office at No. 1 North Broadway, yesterday requested the aid of the police in locating his wife, Bertha Moffit, who disappeared from their home, No. 2648 Lucas avenue, yesterday morning, says the St. Louis Republic.

Dr. Moffit said he left home for his office at 8 o'clock. When he returned for luncheon he found his wife and all her belongings and his clothing gone. Dr. Moffit was anxious for the first Kentucky Volunteers. He said he married his wife in Paducah, Ky., four years ago. He said they had no quarrel and he cannot understand her abrupt departure.

She was formerly a Miss Duperrier.

NOW IN CHARGE.

F. S. DEPUTY MARSHAL LA RUE BACK IN HIS FORMER OFFICE.

Mr. M. W. La Rue, lately transferred United States deputy marshal, arrived in the city yesterday before last to assume his duties in this district. His first official duties since his transfer to this district was the serving of summons, petitions, etc., in the involuntary bankruptcy case of the firm of Stoval & Brand and its assignee, of Mayfield, Ky. The papers were served Wednesday night. Mr. La Rue returned home from that city last night. He says he is very glad to get back and his many friends are glad to see him transferred to this city again.

He left today for Louisville and goes from there to North Carolina and Virginia to visit his mother and other relatives. He will be absent about eight days.

ASSISTANT HERE.

MR. MICHEL, OF THE Y. M. C. A. HERE TO HELP IN THE CANVAS.

Assistant State Secretary of Y. M. C. A., F. J. Michel, arrived in the city this morning from Louisville and will with Secretary Macott immediately start a canvas of the city. An unusual effort will be made to close this year of the association with all the financial obligations fully met and from present indications the efforts will not be futile. The canvassing was commenced this morning and had progressed very well this morning.

ALL BACK OUT.

There will be no teachers to go to the National Educational Association at Detroit from this city except Miss Aiah Brazelton. A list of the names of many who had agreed to go was published some time ago but the majority have backed out. Miss Brazelton will attend and if any others go it will be only to pass through enroute to the Buffalo Exposition.

\$100 REWARD.

The readers of this paper will be pleased to learn that there is at least one dreadfully diseased cat which has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c.

Hall's family Pills are the best.

ANNUAL MEET.

The Christian Endeavor Society to Hold Its Convention at Covington, Beginning Tomorrow.

Saturday the Twentieth Christian Endeavor convention begins in Cincinnati. Preparations have been made for 25,000 delegates and many visitors. The meetings will be held in the Ohio Hall and the two exposition buildings adjoining it. Ohio Hall, in the same square, will be used for conferences and section meetings.

Saturday evening the welcoming address will be delivered by Gov. Nash and local representatives. President Francis E. Clark will deliver his annual address and Secretary John W. Baer will present his annual report. The only Sunday services of the convention will be in the afternoon—the morning and evening being occupied with the regular church services in the city, visiting ministers, preaching in all of the churches. Monday and Tuesday and Wednesday sessions will be held morning, afternoon and evening in the three auditoriums.

The music of the conventions will be one of the special features, a chorus of 1,200 voices having been drilled for many weeks. In addition to the programs for the three large halls, where seating accommodations will be arranged for 15,000 people, there will be daily meetings at 8 a. m. in three of the largest churches in the city. At noon there will also be evangelistic services held in the market places, factories, shops and public buildings, so that the entire day from 8 a. m. until 10 o'clock at night will be crowded with meetings and visitors will pick their meetings in which they are most interested.

Saturday, July 6, the State Christian Endeavor convention will take place in Covington, Ky., and a large crowd from all over the state is expected. There are four hundred and fifty societies in the state and a large representation is anticipated. The program is as follows: Mr. John P. Hillis, director of music, Cincinnati, Ind. 9:30—Song service. 9:40—Devotional exercises, the Rev. R. Wren Webb, Mayfield, Ky. 10:00—Report of president, "Needs and Possibilities of Kentucky Endeavor Work," the Rev. Warren S. Danley, Owensboro, Ky.

10:05—Singing. 10:15—Report of secretary, Miss Alice Burdick, Burlington, Ky. 10:25—Report of treasurer, Mr. C. Albert Meade, Louisville. 10:35—Prayer. 10:40—Committee conference. "What our societies have accomplished and what they can accomplish in," (1) "Missionary Work," the Rev. T. M. Tindler, Carlisle, Ky.; (2) "District and Extension," Judge John D. Ellis, Newport, Ky.; (3) "Correspondence Committee," Miss Elizabeth McKibben, Augusta, Ky.; (4) "Good Citizenship," the Rev. H. C. Garrison, Danville, Ky.

11:30—"Open sesame to next year's progress in C. E. work," the Rev. L. A. Miller, Covington, Ky. 12—Announcement and adjournment. AFTERNOON. 2—An hour with the Juniors, song service, conducted by Mr. John P. Hillis, Cincinnati, Ind. 2:40—Devotional service led by a Newport Junior. 2:50—Report of superintendent Junior work, Miss Mary A. Finch, Toledo, Ky.; song by Juniors of Covington and vicinity. 3:30—"Feed My Lambs," Miss Gertrude Riker, Harrodsburg, Ky.; song by the Juniors. 3:40—"Influence of Mission Work on the Juniors," Mrs. T. E. Arnold, Richmond, Ky. 3:50—Address, "Junior Christian Endeavor, a Responsibility and a Privilege," Mr. William Shaw, Dayton, Mass. 3:15—Solo, "The Bird with the Broken Union," Mr. John P. Hillis. 3:20—A visit to the Kentucky penitentiary conducted by the Christian Endeavor prison committee. 4:30—Singing. 4:40—Report of nominating and finance committees, song and benediction; social greetings. At the same time the national convention, which meets from the 5th to the 10th will be in session across the river in Cincinnati. Thus the members will be enabled to attend both meetings.

the Illinois Central to Toledo, and from there on the river to the appliances at Ross Clark. The engineers are already on the ground and work will begin shortly to progress rapidly. Screen carloads of telegraph posts were taken along the Illinois Central between here and Princeton this morning. The Illinois Central is putting up new posts between here and that place and will have the job completed within the next two weeks. The whole Louisville division will be improved with new posts where they are needed.

Mr. R. Boswell, of Princeton, has been substituted in the place of operator Station, resigned, of the train dispatcher's office temporarily. No permanent appointment has been made as Mr. Boswell's resignation has not yet been accepted. After a vacation of about one month Mr. Boswell will go on another tour or will be transferred to another division of the Illinois Central if he does not stay in this city.

Ticket Agent C. G. Sheppard, of the local Illinois Central depot, is off duty today. He had a very bad case of rheumatism and could hardly use his left arm. Mr. O. R. Toulser, the former night man, has been substituted. Mr. Sheppard will probably be well enough to resume his duties by Monday.

The Illinois Central shops here were unusually quiet yesterday. All the employees were given a holiday and were celebrating. The big department presents the usual appearance this morning and the noise is just as deafening as before the "glorious Fourth."

The engine damaged in the Kottva wreck several weeks ago is about ready to test. She now looks like a new engine and is shining brightly in her new coat of paint. Watchman and Railroad Policeman T. P. Tilden, of the Illinois Central shop here, has recovered after an illness and is again on duty.

MARRIED IN TENNESSEE. Mr. S. E. Riley and Miss Rosita Borders, of Mayfield, Ky., closed to Union City, Tenn., and were married yesterday. The ceremony was performed in the waiting room of the M. & O. railroad.

James G. Ambert, of Delta, O., writes: "I had an obstinate sore on my face which everything else failed to heal. After one application of RANNEY'S SALVE it began to heal and after three applications it was entirely healed leaving no scar." J. C. Gilbert.

DEATH OF A CHILD. Annie Mae, the five months old daughter of Mr. and Mrs. Albert Senner, died yesterday at the family residence, 819 South Sixth street. The funeral took place this afternoon at 4 o'clock from the St. Francis de Sales church. Burial at Oak Grove.

The Sun only one week.

PADUCAH INVENTION.

A SHOOTING GALLERY THAT IS WORKED BY ONE MAN.

Mr. Sam Foreman, the well known inventor and manufacturer of novel toys, has completed his automatic shooting gallery and had it on exhibition at one of the thrifty buildings on lower Broadway. It is perhaps the most complete and the best shooting gallery on the market and is well worth the going to see even to a person not interested in shooting galleries. The operator has a pedal that works a string and the gallery can be worked without the least trouble by one man. It is his best invention and reflects much credit on his ability as an inventor.

THE WEEK'S TRIUMPH. Photos on the breakers Wednesday were satisfactory. Longest range from \$1.50 to \$2.25, low lead from \$3.50 to \$5.00, common to medium lead, \$6.50 to \$8.00. At the Western district warehouse all hedges were closed and rejected. At Farmer & Trumbull's there were closed and rejected.

The greatest healer of modern times is HANNEY'S SALVE for cuts, wounds, sores, piles and all skin diseases. It is guaranteed. Cures rule thumb. J. C. Gilbert.

STRIKE SETTLED. Information has been received by local parties interested that the strike of 250 miners of the Trunkwater Coal company near Sturgis, has been settled and the miners will return to work tomorrow.

Any advertised dealer is authorized to guarantee HANNEY'S SALVE for better, common piles, sprains, scalds, burns, ulcers and any skin or eye sore. J. C. Gilbert.

A WOMAN PAROLED. Daisy Sullivan, colored, sent up from Paducah for five years for robbery, has been paroled by the Buchanan State and to leave tomorrow and has returned to her home in Ohio.

Science has found that rheumatism is caused by uric acid in the blood. This person should be treated by the Adversus FOLEY'S KIDNEY CURE always makes them well. J. C. Gilbert.

A BIG CAVE. Spots, Ill., July 4.—The McLean Mammoth Cave, of which we hear so much about from Red Bud, is expanding. Last week a party of men explored it for a distance of ten miles and the end is not yet. They promise to increase their supplies and make a more extended investigation. It is possible they may find a route for an underground railroad to St. Louis.

Thus, W. Carter of Ashboro, N. C. had kidney trouble and one bottle of FOLEY'S KIDNEY CURE effected a perfect cure and he says there is no remedy that will compare with it. J. C. Gilbert.

INSPECTOR HESSIG'S WORK. Dr. Hessig, milk and meat inspector, is having no trouble in the performance of his duties. Only 22 head of cattle have had to be quarantined on account of being "sucky," and these were straightway slaughtered. No stock has been found to have tuberculosis.

Dr. Gies, living in Princeton, physician of Smith's Creek, Ky., for over thirty years, with his personal experience with Foley's Kidney Cure. For years I have been greatly bothered with kidney trouble and (urinary) prostate gland. I used everything known to the profession without relief until I was induced to use FOLEY'S KIDNEY CURE. After using three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend it to all physicians for such troubles, for I can honestly state I have prescribed it in hundreds of cases with perfect success. J. C. Gilbert.

PETITION IN BANKRUPTCY. Mr. Guy Naues, the well known night policeman, filed a petition in bankruptcy this morning, giving liabilities to the amount of \$200.00.

TO ALL PERSONS HAVING FARM, LAND, OR MINERAL RIGHTS, OR WATER POWERS FOR SALE. The Nashville, Chattanooga & St. Louis Railway proposes to use its best efforts to induce a good class of immigrants to settle in territory contiguous to its line and to encourage the attention of capitalists seeking manufacturing sites or mining property. It therefore solicits the cooperation and the assistance of the people of every county through which its lines pass. The management earnestly requests that all persons who have farms for sale or lease, who have timbered lands, water powers or mineral lands for sale, will send a brief description of the same to the railroad agent nearest them, giving the prices and terms of sale. The prices must correspond with the prices asked of local buyers. The management does not propose to aid in selling land to immigrants at exorbitant or speculative prices. Large tracts suitable for colonization, at low prices, are especially wanted. J. B. KILLEBREW, Industrial and Immigration Agent. 41 E. SMITH, Traffic Manager, Nashville, Tenn. 81a

Fresh Seasonable Groceries.

THEY ARE MY LEADERS.

Fresh vegetables and fruits and fine canned goods always in stock. Also meats. All the season affords. Let us save you a trip to market these warm days.

M. H. GALLAGHER, Phone 430. 9th and Trimble.

Hot Weather Is Here

You don't do much cooking these days. Call on me for canned goods. I have the best on the market. All the seasonable fruits and vegetables always on hand. Call on me and I can save you a trip to market. I fresh meats of all kinds.

P. F. LALLY, The Grocer. Telephone 118. Corner 10th and Trimble.

Well Babies Are Good Babies

MOST LITTLE BABIES DIE, either from bowel troubles or from diseases which they contract because they are in a weak and feeble condition from bowel troubles. Mothers who are seeking the best and proper medicine to give their little ones for constipation, diarrhea, colic and similar troubles will find LAXAKOLA the most healthy food. It is the best and most effective laxative for children. BEST because it is safe and made entirely of harmless ingredients. BEST because it is non-detracting and never gives or causes pain or irritation. BEST because it is sure and never fails. BEST because it is a dangerous thing to give little babies unless it remedies that rack and rend their little bodies. DON'T DO IT—give them LAXAKOLA. A few drops can be given with safety to even weak babies, and will often relieve colic, flatulence, wind and gas that cause it, and it also will bring a simple laxative break up could and even the colic break. LAXAKOLA is a compound of purest glycerine, which is accompanied with white sugar granulations, from the fact that LAXAKOLA neutralizes the acidity of the stomach and causes the cause of fermentation and digestion, relieves constipation, assists nature and induces sleep.

LAXAKOLA FOR WOMEN. It is a dangerous thing to give little babies unless it remedies that rack and rend their little bodies. DON'T DO IT—give them LAXAKOLA. Come while the stocks are complete.

ELEY DRY GOODS COMPANY.

Healthy Old People

say the man thing to do is to keep the stomach, liver and bowels in order if you want to keep well. Free long. Good physicians say the same thing, too. The remedy called

RIPANS TABULES

while I was my tenderest, miraculous in its curative qualities, is a simple formula prescribed by the best physicians for disorders of the digestive organs. Just little Tabules, easy to take, easy to buy and quick to act. If your troubles be Dyspepsia, biliousness, Headache, Dizziness, Constipation, Heartburn, and the like, no need of calling a physician. Ripans Tabules contain exactly what he would tell you to take. Permanent cure follows a fair trial. No uncertainty about it.

ONE GIVES RELIEF.

There is scarcely any condition of ill health that is not benefited by the action of Ripans Tabules. It is a simple formula prescribed by the best physicians for disorders of the digestive organs. Just little Tabules, easy to take, easy to buy and quick to act. If your troubles be Dyspepsia, biliousness, Headache, Dizziness, Constipation, Heartburn, and the like, no need of calling a physician. Ripans Tabules contain exactly what he would tell you to take. Observations

...at Random

There is one good thing about this weather sayway. If you don't mind it, the transition to a warmer region than this will not be so marked or so much felt as it might otherwise be. Then you have the advantage of the "oblique inhabitants" there, you can cap their heat records with stories of how the thermometer stood in Paducah, Kentucky, when you left it, July, 1901.

Johnnie is a preacher's son, and while his parents were away on a visit recently he and the other children were left after by a solitary lady friend, who continued for several days to guide their steps in the paths of rectitude and to exercise a potent influence for good over them.

Just before time for his parents to return, however, Johnnie got bad. He and his little sister engaged in a slight skirmish and his sister came out with a bad bruise.

"Why, Johnnie," remonstrated the good lady, "aren't you ashamed?" "I don't care," exclaimed Johnnie, "as he began to give vent to his feelings in the tears that just wouldn't stay back." "I wish she was dead!"

"Johnnie, Johnnie," protested his mother, "you shouldn't say that. Did you ever hear the story of the little boy who wished his sister was dead? Well he woke up next morning and she was dead."

"Oh, come off," retorted Johnnie, whose tears had by this time vanished. "You can't come any of them stories on me. I've heard 'em all before!"

Enterprise is one of the prime requisites of a reporter, but there is sometimes such a thing as too much enterprise. The other day a local reporter was the unconscious cause of considerable confusion in society.

The reporter was at the depot and saw among the piles of baggage a trunk bearing the name of a lady popular in Paducah society, but who lives in another city. The natural conclusion was that if the lady's trunk was here, she was also here, and her arrival was duly announced in the paper. It happened, however, that the trunk had been borrowed by her daughter who had just returned from a visit to her, and when the callers began to arrive to see the expected visitor they were greatly disappointed to find that there had been a mistake. They probably did not yet know how the announcement happened to be made, but it was all on account of the trunk with the name on it and the invariable enterprise of a reporter.

Another reporter's joke had its origin during the visit of the Louisville board of trade crowd Wednesday. A reporter on one of the papers was told to go to the train and as soon as it arrived secure some of the "copy" that was already prepared, and which,

by the way of parenthesis, failed to materialize. The reporter rushed aboard the train, and encountered a bunch of staff correspondents the first thing. There were about three reporters from each of the local papers, and they were all scrambling around looking for "copy."

The correspondent thought the reporter was a telegraph messenger, and when his desires were misapprehended they reached for their bundles of "specials." Then there was a scramble among the expectant reporters for get possession. The successful one rushed away, took them to the office and turned them over to the editor, who knew that they were directed to the Louisville papers, and were to be telegraphed away. The reporter was very much chagrined to learn of the fruitless trouble he had taken to be so accommodating and when the other reporters found out how he had only succeeded in playing messenger boy, he had to do the proper thing at the nearest place. If the Louisville correspondents think that the Paducah telegraph messenger boys are unusually accommodating they may now know how it happened.

The price of eggs just now compares favorably with that of ice. A great many of them do not keep well, and the other day a gentleman went to the grocery and bought a dozen.

The following morning he returned and said in a tone of withering sarcasm: "Oh Mr. Blank, didn't you make a mistake with those eggs you sold me yesterday?"

"Let's see. You got a dozen didn't you? No, I guess I didn't make any mistake. Weren't they all there?"

"Yes," replied the other, "but there was one good egg in the bunch."

The gay and festive horse can now ask his acquaintances as he passes "Is my hat on straight?" For the present, at least, the horse is not to wear a hat. Perhaps many of those who have seen horses this summer wearing downlike looking hats dismasted it with a vague idea that it was simply a joke. Was only done to make the animal attract attention and appear ridiculous. But this is a mistake. Horses are to hereafter wear hats. This thing of going bareheaded in the breeding, a sweltering sun must be relegated to aboriginal times, when it belongs. The custom is becoming so general in the cities and promises to increase in universal observance that several firms have been organized for the exclusive manufacture of horses' hats, and are now turning out hundreds of them.

There are fashion plates showing what is proper for every sort of horse from an aristocratic carriage horse to a dray horse, and thousands have been seen in use all summer. The hats are rather sharp pointed and have holes in the through which the horses' ears pass. Some drivers have been accustomed to use a sponge saturated with water to ward off sunstroke, but the hat is now the thing. When a fastidious horse decides he wants a new hat, all he will have to do will be to run away

THE COOLER.

JAS. MULLER, A TRAMP, CHOOSES A BED IN A BOX CAR.

Mike Bryoles Held in the Police Court for Petty Larceny—Other Cases.

There was not much of a police court this morning, despite the fact that it was the day after the Fourth of July, usually a little profitable of much business. There was not a single drunk, which speaks well for the people.

Mike Bryoles, who with several others roamed over a saloon on First and Broadway, was charged with going into the room of Alice Baker, one of the roomers, and stealing her pocketbook with \$2.50. He denied that he had anything to do with it, but others testified that he was seen going in to her room while she was down stairs and the empty pocketbook was found in his room. He was held and committed to jail.

Helen Grogan, Steve Fay and Alice Baker, the latter the same girl mixed up in the other case, were charged with larceny. They were all three arrested in the same room, but the court thought the evidence insufficient and dismissed the case.

James H. Albritton, charged with molesting Officer Nance at Anna's Co's, and with striking him, was fined \$10 and costs.

Eliza Morrow, of Eleventh and Court, was fined \$5 and costs on motion of the prosecuting attorney for abusing Alice Grogan.

Bon Miller and Nick Smith were charged with engaging in a fight and the former was fined \$5 and costs while the latter was dismissed.

James Muller, a tramp, charged with sleeping in a box car, was fined \$5 and costs. He said he had been working for the telephone company, and gave the court a pointer by saying that box cars are cooler to sleep in than either hotel or boarding house. But James is in a still cooler place now. He is in the "cooler" itself.

A Great Coal Field. On the William Dean farm, three miles west of Paducah, Mich., a rich coal vein has been discovered. The vein is estimated to be 100 feet thick and extends for miles. The coal is of the best quality and is estimated to be worth \$100,000,000. The discovery was made by a local geologist, who has been working on the farm for some time.

The crown prince of Denmark may have a future as a journalist. A political controversy had given rise to a good many discussions in the papers, and one article particularly caused much comment, though nobody knew the name of the author. It has now transpired that the article has been written by the crown prince.

EXCURSIONS VIA I. C. R. R.

SPEECH BY W. J. BRYAN. UNION CITY, JULY 11.

On account of the above occasion, tickets will be sold to Paducah Junction or River, Tenn., at one and one-third fare for the round trip July 11th, limited to July 15th for return.
